Hawsons has a dedicated team of specialist charity accountants in Sheffield, Doncaster and Northampton.

Charities and not-for-profit organisations are currently facing extensive changes in their regulatory and legal framework. Given the additional pressures on fundraising, complex tax regimes, internal risk exposure and stakeholder demands, it has never been more important to obtain specialist professional advice. Our charity accountants fully understand the complex, ever-changing regulatory requirements of the charity and not-for-profit sector and, irrespective of your size, we wish to support you to maximise the benefits you could achieve through our specialist professional advice. In particular, we are able to assist our charitable clients in adding value to their organisations, including advising on the role of the trustee and trustee governance, providing proactive tax advice and VAT consulting and implementing procedures and policies to help prevent data breaches and charity fraud. This helps our charity clients to further their overriding objective of acting for the public benefit.
