

Technology and IT

Hawsons has a dedicated team of specialist technology and IT accountants in Sheffield, Doncaster and Northampton.

The UK has a growing number of technology and IT businesses, in arguably the UK's most innovative sector. We can advise a wide range of businesses, including network and infrastructure installations and support businesses, software developers, phone app developers, web developers, SEO experts and IT contractors.

As a firm, we not only provide dedicated accounting services, we also offer a range of specialist solutions. Our technology accountants are able to assist our high-tech clients in adding value to their businesses, including advising on the financial and taxation consequences of capital investments, making successful R&D tax relief and patent box claims and using employment benefits to retain key members of staff. Our experts work closely with businesses in the technology and IT sector to address both the challenges and opportunities presented by the digital revolution.

About Hawsons

Hawsons is one of the longest standing firms of independent chartered accountants in England and recently celebrated 160 years of providing expert advice to businesses of all types and sizes.

Hawsons Chartered Accountants was founded in Sheffield in 1854 – more than 25 years before the creation of the Institute of Chartered Accountants in England and Wales – by Alfred Allott and John Hewett. The firm has since grown to become one of the UK’s leading independent accounting practices, with a team of nearly 100 people across three UK offices, in Sheffield, Northampton and Doncaster.
